***Allowable Subject Matter***

1. Claim 3 is allowed.
2. The following is an examiner's statement of reasons for allowance: The prior art of record, such as Tsai, discloses a film sticking/testing equipment, which is *capable* of being used with a plurality of touch pads being adhered with a film and being test and each of the touch pads at the bottom thereof having a plurality of contact spots, comprising; a transmission mechanism with a deliver path, a film sticking apparatus on the transmission mechanism. Tsai is essentially a labeling device, and the structures of the claim, excluding the test apparatus, disclose a conventional labeling device.

However, the prior art of record, such as Tsai, does not disclose that the film sticking/testing apparatus further includes a test apparatus being connected to the transmission mechanism, characterized in that the test apparatus comprises a test platform, providing at least a probe for contacting with one of the contact spots, a computer device, electrically connecting with the probe; and at least a test rod, being capable of moving a locus at the upper surface of the touch pad to carry a test value output from the touch pad to a computer device for the test value output being compared with a preset value in the computer.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

***Drawings***

3. The drawings filed 2/24/2004 are approved by the Examiner.
